

## Appendix E - California Conservation Corps and Certified Community Conservation Corps

### ***Guidelines Pertaining to Chapter 6, Protecting Rivers, Lakes, Streams, Coastal Waters and Watersheds:***

*Division 26.7 of the Water Code, Chapter 6, Section 79734 requires that: "For restoration and ecosystem protection projects funded pursuant to this chapter, the services of the California Conservation Corps or a local conservation corps certified by the California Conservation Corps shall be used whenever feasible."*

Applicants seeking funds from the SNC Watershed Improvement Program to complete Category 1 projects shall consult with representatives of the California Conservation Corps (CCC) AND CALCC (the entity representing the certified community conservation corps) (collectively, "the Corps") to determine the feasibility of the Corps participation. Unless otherwise exempted, applicants that fail to engage in such consultation are not be eligible to receive Proposition 1 funds. The Corps have developed the following consultation process for Proposition 1 projects:

- Step 1: Prior to submittal of an application to the SNC, Applicant prepares the following information for submission to both the California Conservation Corps (CCC) and CALCC (who represents the certified community conservation corps):
- Project Title
  - Project Description (identifying key project activities and deliverables)
  - Project Map (showing project location)
  - Project Implementation estimated start and end dates

- Step 2: Applicant submits the forgoing information via email concurrently to the CCC and CALCC representatives:

California Conservation Corps representative:

Name: CCC Prop 1 Coordinator

Email: [Prop1@ccc.ca.gov](mailto:Prop1@ccc.ca.gov)

Phone: (916) 341-3100

California Association of Local Conservation Corps representative:

Name: Crystal Muhlenkamp

Email: [inquiry@prop1communitycorps.org](mailto:inquiry@prop1communitycorps.org)

Phone: 916-426-9170 ext. 0

- Step 3: Within five (5) business days of receiving the project information, the CCC and CALCC representatives will review the submitted information, contact the applicant if necessary, and respond to the applicant with a Corps Consultation Review Document informing them:

(1) It is NOT feasible for CCC and/or certified community conservation corps services to be used on the project; or

- (2) It is feasible for the CCC and/or certified community conservation corps services to be used on the project and identifying the aspects of the project that can be accomplished with Corps services.

Note: While the Corps will take up to 5 days to review projects, applicants are encouraged to contact the CCC/CALCC representatives to discuss feasibility early in the project development process.

The Corps cannot guarantee a compliant review process for applicants who submit project information fewer than 5 business days before a deadline.

Step 4: Applicant submits application to the SNC that includes the Corps Consultation Review Document.

Step 5: SNC reviews applications. Applications that do not include documentation demonstrating that the Corps have been consulted will be deemed “noncompliant” and will not be considered for funding.

**NOTES:**

1. The Corps already have determined that it is not feasible to use their services on restoration and ecosystem protection projects that solely involve either planning or acquisition. Therefore, applicants seeking funds for such projects are exempt from the consultation requirement and should check the appropriate box on the Consultation Review Document.
2. An applicant that has been awarded funds to undertake a project where it has been determined that Corps services can be used must thereafter work with either the CCC or CALCC to develop a scope of work and enter into a contract with the appropriate Corps. Unless otherwise excused, failure to utilize a Corps on such a project will result in Funding Entities assessing a scoring penalty on the applicant’s future applications for Proposition 1 funds.
